

DECISIONS OF THE UNDP GOVERNING COUNCIL: INDEX AND TEXT

NOTE BY THE SECRETARIAT

Responding to Governing Council decision 87/43 of 19 June 1987, an index, together with the text of the decisions adopted by the Council from its first session in January 1966 to its thirty-fourth session in June 1987 was distributed in May 1988 to the Governing Council, agencies, UNDP field offices and headquarters senior staff. A supplement to the index and the text, covering the decisions adopted by the Council in 1988, was distributed in March 1989.

The index has now been revised to incorporate all of the decisions adopted by the Council, i.e., from its first session in January 1966 to its thirty-sixth session in June 1989. The revised index, which is enclosed, is presented in the same four sections as the previous version and the existing binder and dividers may be used.

Also enclosed is a supplement to the text, covering the decisions adopted by the Council in 1989. The supplement may be inserted in the binder marked "TEXT VOL II". A 1989 divider is also enclosed. A contents list, covering the text of the 1989 decisions, is attached in two copies: the paginated copy is to be added to the overall list at the front of the first volume of the text; the second copy is for the 1989 supplement.

The index and the text of the decisions will continue to be updated annually.

Any queries regarding this index may be forwarded to the Governing Council Secretariat, Division of External Relations, UNDP headquarters.
