98/1. Narrowing the focus of United Nations  
Development Programme interventions

The Executive Board

1. Takes note of the report of the Administrator on narrowing the focus (DP/1998/5) and the comments made thereon;
2. Reaffirms that assistance to programme countries in their endeavour to realize sustainable human development, in line with their national development programmes and priorities, should remain the highest priority of the United Nations Development Programme, and that this assistance should be responsive and flexible, and must be based on the development plans and priorities of the programme countries and on the priorities set by the Executive Board;
3. Reaffirms the neutrality, multilateralism and universality of the United Nations Development Programme;
4. Emphasizes that coherence and focus is necessary to achieve the objectives of impact, sustainability, efficiency and effectiveness of the United Nations Development Programme interventions at the country level; and that the adoption of the programme approach should lead to fewer and larger interventions while allowing the Programme to assist programme countries in launching and piloting innovative projects;
5. Requests the United Nations Development Programme to develop further its expertise in providing capacity development assistance to programme countries in their pursuit of poverty eradication and their promotion of people's participation in development;
6. Underlines that a clear profile of the United Nations Development Programme role in each individual programme country and at the global level will facilitate the resource mobilization efforts of the Programme;
7. Recognizes the ongoing effort within the United Nations Development Programme to identify an indicative list of core development services;
8. Requests the United Nations Development Programme to cooperate to the maximum extent possible with all actors in the field of development cooperation, in particular the United Nations funds, programmes and specialized agencies, in order to foster synergies, avoid duplication and make optimal use of available resources;
9. Endorses on this basis the guiding principles contained in paragraphs 20 to 40 of document DP/1998/5;
10. Decides that the guiding principles should be applied to all country, regional and global cooperation frameworks as well as to sub-elements of these frameworks, taking into account the specific conditions of programme countries, whether funded from core resources or non-core resources;

11. Requests the Administrator to operationalize the guiding principles, including a mechanism for implementation, impact measurement and evaluation, and to incorporate the guiding principles into the new programming manual of the United Nations Development Programme;

12. Requests the Administrator to ensure that all future presentations to the Executive Board of country, regional and global cooperation frameworks, beginning at the first regular session in 1999, as well as reviews and evaluations of these frameworks, are structured in a manner that clearly describes how each of the guiding principles are applied;

13. Requests the Administrator to report at its annual session 2000 on all aspects of progress in the operationalization of the guiding principles, including the mechanism for implementation, impact measurement and evaluation.

23 January 1998

98/2. Review of policy implications of change  
and non-core funding

The Executive Board

1. Recalls General Assembly resolutions 47/199, 50/120, 50/227 and 52/203, Economic and Social Council resolution 97/59, and its decision 90/14, 95/23 and its decision 97/15 on change management, particularly paragraphs 9 and 10 thereof;

2. Welcomes the report of the Administrator (DP/1999/3) and takes note of the comments made thereon by delegations;

3. Reaffirms that the fundamental characteristics of the operational activities of the United Nations Development Programme should be, inter alia, their universal, voluntary and grant nature, their neutrality and their multilateralism;

4. Emphasizes the role of the United Nations Development Programme as a development partner and facilitator in responding to development needs, including the assistance in mobilizing funds in support of programme country development priorities from all available sources;

5. Recalls that core resources are the bedrock of the United Nations Development Programme and that they ensure universality, predictability, neutrality and multilateralism at the United Nations Development Programme as well as the ability to respond in a flexible way to the needs of programme countries, in particular those of least developed countries and low-income countries;

6. Expresses deep concern on the decline in core resources and the negative impact of this decline on the future work of the United Nations Development Programme and requests that the respective proportions of core and non-core resources be kept under review;

7. Recognizes the importance of non-core resources, including cost-sharing and non-traditional sources of financing, as a mechanism to enhance the capacity and supplement the means of the United Nations Development Programme to achieve the goals and priorities specified in decision 94/14;

8. Reaffirms the role of the United Nations Development Programme at the country level in providing a range of support services for national execution and the implementation of the projects of the United Nations Development Programme, including those funded by non-core resources, within the parameters below:

(a) Support will be provided only at the request of programme country Governments;

(b) Support will be provided only for activities within the country cooperation framework and the sustainable human development framework;

(c) Support will be provided based on a thorough capacity assessment of the executing agent, particularly with regard to administrative and operational management capacity and with regard to full accountability for funds managed by the United Nations Development Programme;

(d) Support will be accompanied by appropriate capacity-building measures, including clear exit strategies to ensure that long-term capacity-building objectives are achieved;

(e) As part of the revision of the national execution procedures, appropriate instruments will be put in place to improve the monitoring and the evaluation of such services, including obligatory annexes to all project documents stating the nature and scope of such support as well as the functions and responsibilities of the parties involved;

(f) At the request of the Government of the programme country, the United Nations Development Programme will take systematically into account services that can be provided by United Nations specialized agencies or other relevant execution, implementing and procurement agents;

(g) In accordance with Executive Board decision 94/28, the role of the United Nations Development Programme as executing agent shall remain limited to countries in special circumstances and apply only when it can be demonstrated that it is essential to safeguard the full responsibility and accountability of the Administrator for effective programme and project delivery;

9. Requests that, when the United Nations Development Programme develops, implements and manages activities funded by non-core resources, in an integrated, transparent, flexible and accountable manner, the additional costs resulting from non-core-funded activities be fully recovered and requests also that these activities and their support costs be systematically identified in the cooperation frameworks;

10. Requests the Administrator to submit to the Executive Board at its annual session 2001 an evaluation, in consultation with programme countries,

relevant units of the United Nations system and with members of the Board, on all aspects of activities funded by non-core resources, including government cost-sharing, and on their impact on national capacities, particularly concerning the modalities applied by the United Nations Development Programme;

11. Decides to keep the trends and impact of non-core resources under close review and to this end requests the Administrator, in the context of his annual report, to provide comprehensive information thereon, including on their amount, origin, destination and influence on programming.

23 January 1998

98/3. Funding strategy for the United Nations  
Development Programme

The Executive Board

1. Takes note of the report of the Administrator on moving towards a sustainable funding strategy for the United Nations Development Programme (DP/1997/CRP.23) and the comments made during the Executive Board discussion;

2. Reaffirms that core resources are the bedrock of the United Nations Development Programme and that they ensure the universality, predictability, neutrality and multilateralism of the Programme as well as the ability to respond in a flexible way to the needs of programme countries, in particular those of the least developed countries and low-income countries;

3. Notes with concern that, despite significant improvements in efficiency at the United Nations Development Programme, core resources declined during the previous programming cycles and fall short of the initial planning figure set in decision 95/23 and of the increasing needs of programme countries; and notes with appreciation the contribution of programme countries to core resources of the Programme; and notes that, despite contributions from a new set of member countries, core funding remains dependent on a limited number of donors; that to manage this funding shortfall, the Administrator extended the implementation phase of some country programmes; and that further programme delays may affect programme results and the credibility of the Programme as a reliable development partner;

4. Recognizes that core and non-core resources are components of the United Nations Development Programme funding; that urgent action by the Executive Board is needed to deal with the funding situation in the short and longer terms; that a clearer profile of the role of the Programme at all levels is needed; and that, simultaneously, in accordance with General Assembly resolution 50/227 and Economic and Social Council resolution 1997/59, the Executive Board needs to set specific and realistic targets for core resources and decide on a future funding mechanism to make the funding of the Programme more secure and predictable;

5. Recognizes that positive results of the efforts to narrow the focus of United Nations Development Programme activities will play an important role in mobilizing core resources for the Programme in the future;

6. Requests the Administrator to present to the Executive Board, at its second regular session 1998, a three-year financial forecast outlining the financial commitments as of 31 December 1997 entered into by the United Nations Development Programme as a result of Board decisions on country cooperation frameworks, regional and global programmes, and other policy, administrative, and reform measures; and to ensure that the financial implications of all future programming, administrative, and policy recommendations brought for Board approval are presented to the Board prior to their adoption;

#### I. SHORT-TERM ACTION

7. Urges all member countries, in particular the donors and other countries in a position to do so, to contribute additional funds to United Nations Development Programme core resources and to make early payment of their contributions;

8. Requests the Administrator to ensure that, in the short term, administrative costs will be maintained at levels currently agreed upon, as per decision 97/24, and that all additional contributions to core resources will be used exclusively to implement United Nations Development Programme development activities;

#### II. DEVELOPING A SUSTAINABLE FUNDING STRATEGY FOR UNDP

9. Decides, taking fully into account discussions in other forums, to convene an open-ended, ad hoc working group on the United Nations Development Programme funding strategy and requests the President of the Bureau of the United Nations Development Programme Executive Board to appoint a Bureau Vice-President to serve as chairperson, and requests the Secretary of the Executive Board, and other relevant Programme divisions, to facilitate and support the working group deliberations;

10. Decides that the mandate of the open-ended, ad hoc working group shall be:

(a) A review of various funding mechanisms as well as other options for the United Nations Development Programme so as to place the funding of the Programme on a predictable, assured, and continuous basis, taking into account various budgetary processes in contributing countries, as well as the need for more equitable burden-sharing among donor countries;

(b) Development of guidelines and criteria to set funding targets for the United Nations Development Programme core resources, based in particular on:  
(i) the goals and priorities of the Programme as specified in decisions 94/14 and 95/23; (ii) the development needs and priorities of programme countries as identified in country cooperation frameworks; (iii) projected core

contributions; (iv) the funding role of the Programme within the larger context of international development financing; and (v) existing long-term commitments and strategies;

11. Acknowledges the relevance of upcoming Executive Board discussions on the successor programming arrangements, including the review of the current eligibility criteria for the allocation of core resources to programme countries, and the need for a clear institutional profile to increase public awareness and generate support, and to develop an effective communication and information strategy to be used in advocacy work for the United Nations Development Programme;

12. Requests the Administrator to ensure that close coordination and consultation with similar efforts undertaken by other United Nations funds and programmes will be provided for throughout the work of the working group to ensure, to the extent possible, consistency in approaches and mechanisms adopted by the Executive Boards of United Nations funds and programmes to respond to the mandates of the General Assembly and the Economic and Social Council;

13. Requests the President of the Executive Board to report to the Board on the progress achieved by the open-ended, ad hoc, working group, at each upcoming session of the Board with a view to adopting a decision on a sustainable funding strategy at its third regular session 1998.

23 January 1998

DRAFT WORK PLAN FOR THE EXECUTIVE BOARD IN 1998

INTRODUCTION

1. In its decision 96/25, the Executive Board decided, inter alia, to introduce an annual work plan for the Executive Board. The present document contains a list of priority issues for UNDP and UNFPA for 1998, and proposes a draft work plan for the Executive Board, taking into account these priority issues as well as the legislation and guidelines established by the Executive Board and discussions held at the third regular session 1997 of the Executive Board.

UNDP

2. For UNDP, the biennium 1998-1999 will be one of implementation and consolidation of legislation adopted and initiatives taken during the current biennium. Priority will be given to implementation of the change management process and the new programming framework, as well as to the mobilization of support and resources for poverty eradication programmes. Within the change management process, the focus will be on three major areas: enhanced country focus; effectiveness and impact; and efficiency, accountability and good management. Strategy evaluations will be undertaken and presented to the Board as and when they are completed.

3. As decided by the Executive Board in 1996, the reports on special funds managed by UNDP are considered on a rotational basis. In 1998, it is proposed that the Board review the report on the United Nations Volunteers.

UNFPA

4. UNFPA priorities for 1998 are fivefold: (a) to increase the Fund's resource base on a more predictable, assured and continuous basis; (b) to continue to evaluate and to increase the effectiveness of programmes throughout the world; (c) to continue to implement new programme priorities and the new approach for resource allocation as contained in Executive Board decisions 95/15 and 96/15, respectively; (d) to improve the manner in which the Fund's programmes address absorptive capacity and resource utilization in programme countries; and (e) to collaborate in the implementation of United Nations system-wide reform efforts. UNFPA will also collaborate with other relevant bodies in preparing for the ICPD +5 initiatives scheduled for 1999.

(b) Designate the second regular session of the Executive Board, starting in 1999, as the time when all member countries would:

to do so, a firm contribution or indication of the contribution for the following year; and a firm or tentative contribution for the third year;

#### 98/24. UNFPA funding strategy

##### The Executive Board

2. Welcomes the effective role of UNFPA in advocating for and implementing programmes and activities in full accordance with its mandate and the Programme of Action of the International Conference on Population and Development (ICPD) and emphasizes the need for predictable, timely payments and increased funding to enhance the capacity of UNFPA to contribute to the implementation of the ICPD Programme of Action;
3. Stresses the need for a funding strategy based on a concept of collective ownership, partnership and shared interests with differentiated responsibilities that is programme-driven and that encourages a collective partnership with programme and donor countries, lending institutions, the private sector and foundations;
4. Also stresses the important opportunity offered by the five-year review of the implementation of the ICPD Programme of Action in reinvigorating international commitment to the Programme of Action, including to mobilize financial support, based on an analysis of progress made, lessons learned and

obstacles encountered, and recalls the resource goals as foreseen in the ICPD Programme of Action;

5. Recognizes the clear and focused mandate and programme priorities of UNFPA and the Fund's clear and focused resource allocation system, which is based on a country's level of achievement of ICPD goals and gives special attention to least developed countries, low-income countries and Africa;

6. Reiterates that core resources are the bedrock of UNFPA and are essential to maintaining the multilateral nature of the Fund's assistance;

7. Recognizes that an effective and visible programme is essential for resource mobilization and, while recognizing the commendable efforts of UNFPA to date in this area, urges the Fund to continue to expand its advocacy and institutional profile at the national and international level in order to illustrate better the importance of its work and of the impact and effectiveness of its programmes;

8. Also recognizes the importance for UNFPA of non-core resources and the work of non-State actors in mobilizing resources;

9. Adopts for UNFPA a programme-driven total resource goal of \$400 million for 1999; requests the Executive Director, with the support of all the members of the Fund, to make every effort to reach this goal by mobilizing resources from all sources, including donor and programme countries, foundations, and the private sector; and decides to review this goal in September 1999 with a view to deciding goals for future years;

10. Recognizes that overdependence on a limited number of donors carries risks for the long-term financial sustainability of UNFPA and urges all donors and programme countries in a position to do so to increase their contributions to core resources;

11. Decides, in this context, that UNFPA shall:

(a) Develop a multi-year funding framework that integrates programme objectives, resources, budget and outcomes, with the objective of increasing core resources, taking into account the following principles:

- (ii) This framework shall not introduce any conditionality nor result in distortions in priorities or changes in the current system of resource allocation;
- (iii) The allocation of additional core resources that may be mobilized by the multi-year funding framework shall be consistent with programming guidelines determined by the Executive Board, and priority must be given to programmes;

(b) Designate the second regular session of the Executive Board, starting tentatively with the second regular session 1999, as the time when all member countries would:

- (i) Announce their voluntary core contributions to UNFPA as follows: a firm funding commitment for the current year; for those in a position to do so, a firm contribution or indication of the contribution for the following year and a firm or tentative contribution for the third year;
- (ii) Announce payment schedules for the current year; early payments should be encouraged;
- (iii) Review the record of actual core contributions as well as the timing of payments made in the previous calendar year;

12. Decides to initiate a fully participative, transparent, open-ended consultative process between the UNFPA secretariat and the States members of UNFPA for designing a multi-year funding framework based on the principles as outlined in paragraph 11 of the present decision and on the modalities for the announcement of contributions with a view to holding the first such meeting as stipulated in paragraph 11 (b) of the present decision;

13. Requests the Executive Director, on the basis of these consultations, to submit to the Executive Board a report on the multi-year funding framework for consideration at its second regular session 1999.
