DRAFT REPORT ON THE ANNUAL SESSION

Addendum

II. ANNUAL REPORT OF THE ADMINISTRATOR AND RELATED MATTERS

A. Annual report of the Administrator

1. The annual report of the Administrator (DP/1994/10 and Add.1-5) served as background information for the discussion of agenda items 3 and 4. It was therefore considered that a separate debate on the report was not needed.

2. One delegation noted the difficulties in reconciling the statistical information contained in the summary with that contained in the detailed listings of document DP/1994/10/Add.3. In this connection, the delegation queried the appropriateness of combining data on intergovernmental organizations with data concerning individual countries.

3. In response to questions raised, the secretariat noted that while experience with the programme approach remained limited, a number of tools and initiatives had been developed in the course of 1993 that would facilitate its application in most programming initiatives. It was also noted that the illustrated UNDP annual report would continue to be published as in previous years.

4. The Executive Board took note of the annual report of the Administrator (DP/1994/10 and Add.1-5) as presented.
