Draft decision on United Nations Capital Development Fund

The Governing Council,

Taking note of the annual reports of the Administrator, DP/1982/38 and DP/1982/39,

Recognizing the central role of the United Nations Development Programme in providing unified management and administration to the United Nations Capital Development Fund and expressing the wish that all measures be taken by the Administrator to strengthen the complementarity between the capital assistance provided by the Fund and other types of assistance administered by UNDP,

Taking note of the results achieved by the Fund in 1981 in terms of programme delivery and level of new commitments and on the further increase in the volume of activities projected for 1982,

Expressing its appreciation to Governments and other donor organizations for their contributions to the Fund's general resources, particularly to those countries which have made special and additional contributions in connection with the Least Developed Countries Paris Conference,

1. Requests the Administrator, bearing in mind General Assembly resolution 36/196, to ensure that the United Nations Capital Development Fund will be fully associated in the follow-up to the Conference, including the organization of and participation in the round table meetings organized by UNDP for that purpose;

2. Decides that the Fund should continue its operations under the partial funding system and requests the Administrator to include in the annual report of the Fund a chapter related to the operation of the partial funding system;

3. Urges all Governments, nongovernmental and other donor agencies to increase their contributions to the Fund's resources and thereby enhance its capacity to respond effectively to the priority needs of the Least Developed Countries.
