Documentation

(iii) Consideration and approval of country programmes (including requests for extensions).

Rule 4 of the rules of procedure of the Governing Council stipulates that meetings or portions thereof at which proposed country and intercountry programmes and projects are considered shall normally be held in private unless otherwise decided by the Governing Council. This rule notwithstanding, the Governing Council decided at each session since its twenty-fourth session to suspend this rule and to consider country programmes in open meetings, with the understanding that at any time a member of the Council may request that rule 4 be applied.

The Council may therefore wish to decide whether to proceed in accordance with this practice.

Six country programmes are being submitted for consideration and approval by the Council. A note by the Administrator accompanies those programmes whose resources for the third programming cycle, 1982-1986, including illustrative indicative planning figures and planned cost sharing, amount to $20 million or more or where there are specific issues which the Administrator wishes to bring to the attention of the Council.
The Council will further have before it, for information, notes by the Administrator on those country programmes which have been extended by the Administrator in accordance with the revised procedures contained in document DP/518 and Corr. 1, which the Council endorsed by its decision 81/15.
