Addendum

Women in development: implementation strategy

Recommendation of the Committee

Following its discussion on this subject, the Budgetary and Finance Committee recommended that the Governing Council adopt the following decision:

The Governing Council,

Having considered the report on Women in Development contained in document DP/1986/14, as well as oral information provided by the Administration on this subject,

Noting that the estimated cost of the Administrator's proposals for the preliminary phase of a staff training programme on Women in Development amounts to approximately \$375,000 during the biennium 1986-1987,

(a) Authorizes the Administrator to meet these costs from savings in the 1986-1987 biennial budget;

(b) Further authorizes the Administrator, if it does not prove possible to meet these costs fully from the 1986-1987 biennial budget, to charge the shortfall against Special Programme Resources under the programme development category;

(c) Requests the Administrator to include cost-effective proposals for the full implementation of the training programme, as part of the regular UNDP training programme, in the 1988-1989 biennial budget estimates to be submitted to the Governing Council at its thirty-fourth session.
