CHAPTER IV. FINANCIAL, BUDGETARY AND ADMINISTRATIVE MATTERS

A. Annual review of the financial situation, 1985

Recommendation of the Committee

Following its discussion on this subject, the Budgetary and Finance  
Committee recommended that the Governing Council adopt the following decision:

The Governing Council,

Taking note of the report of the Administrator of the UNDP on the review  
of the financial situation of 1985 (DP/1986/56 and Add.1),

Taking into account the observations and comments made by its members on that report,

Notes with satisfaction the increase in programme expenditures achieved in 1985,

Expresses its concern at the increase in the balance of general resources held by the United Nations Development Programme,

Urges the Administrator, in co-operation with recipient Governments and executing agencies, to continue to improve programme delivery so that it is better aligned with the balance of available resources, without compromising the quality of the Programme,

Further urges all Governments to make prompt and early payment of pledges,

Takes note of the Administrator's policy regarding the use of currency options on a cautious and selective basis,

Further takes note of the Administrator's intention to engage in the purchase and construction of housing in a selective and prudent manner in line with the authority granted to him in decision 82/30,

Requests the Administrator to continue to report annually on the provision of management services and in this connection requests a detailed analysis of the experience gained to date in the report to be presented to the Governing Council at its thirty-fifth session.
