Report of the Executive Director on allocations to projects in 1986

Summary

Pursuant to a decision by the Governing Council at its seventeenth session, the Executive Director has been submitting annually a report on the approval of projects each year, in connection with his report on UNFPA activities for that year. This report contains a list of project allocations approved by UNFPA in 1986, by country and territory and region and by interregional and global category. This report also provides additional information on UNFPA projects and programmes, including cumulative expenditures for each project as of 31 December 1985 from regular UNFPA resources. The "DE" designation in the executing agency column means that the project is directly executed by the Government concerned. Also, where a non-governmental organization (NGO) is the executing agency, the name of the NGO is provided. This report is in two parts - DP/1987/33(Part I) and DP/1987/33(Part II).
