^{a/} Carryovers of general resources were \$8.5 million from the 1988-1989 biennium into the 1990-1991 biennium; no carryovers of general resources from the 1990-1991 biennium into the 1992-1993 biennium are projected; trust fund carryovers from the 1988-1989 biennium into the 1990-1991 were \$10.4 million; they are estimated at \$10.0 million from 1990-1991 into 1992-1993.

^{b/} At 31 December 1989, the operational reserve stood at \$45 million. In decision 89/49 paragraph 16, the Governing Council decided "that, with effect from 1989, the level of the operational reserve shall be set at \$45 million and that the level of the operational reserve should be reviewed at the thirty-eighth session (1991) of the Governing Council". Additions to the operational reserve in 1992-1993 will amount to \$13 million. All additions to the operational reserve come from general resources.

^{c/} Total revised estimated resources available for expenditures from general resources and trust funds in 1990-1991 and estimates for 1992-1993. Prior estimates for 1990-1991 were \$454.0 million (\$436.0 million from general resources and \$18.0 from trust funds) as presented in document DP/1989/41, table 1, page 7.

^{d/} The credits accruing to the APSS budget result from support costs charged by UNFPA to government-executed projects, from charges by UNFPA for procurement assistance to government projects and from support costs paid by trust funds. They are estimated at \$4.5 million in 1990-1991 and at \$6.5 million in 1992-1993 (see also footnote e and g below).

^{e/} Total overhead and agency support costs, including overhead payments to NGOs and support costs charged by UNFPA. The support costs charged by UNFPA amount to \$4.0 million in 1990-1991 and to \$6.0 million in 1992-1993. Under the proposed new successor arrangements for agency support costs, starting in 1992, all reimbursement to executing agencies for technical and administrative support services are included under programmes for the 1992-1993 biennium.

^{f/} Total amount available for trust fund expenditure, excluding support costs paid by trust funds to UNFPA, but including carryovers of \$10.0 million to next year.

^{g/} Support costs paid by trust funds to UNFPA for administrative support of UNFPA-executed projects, which are credited to the APSS budget, are estimated at \$0.5 million in 1990-1991 and 1992-1993.
