Item 8 (a) of the provisional agenda

POLICY

FINANCIAL, BUDGETARY AND ADMINISTRATIVE MATTERS

ANNUAL REVIEW OF THE FINANCIAL SITUATION, 1992

Net flow of contributions by donor and recipient Governments

Report of the Administrator

Addendum

SUMMARY

In accordance with Governing Council decision 84/9 of 29 June 1984, the Administrator hereby provides the Council with information concerning the flow of contributions to and payments from the United Nations Development Programme in respect of each participating Government. The Administrator also provides the Council with information on the shortfall of contributions to local office costs after application of the accounting linkage authorized by the Council, as well as resource and planning tables for the United Nations Capital Development Fund, the United Nations Sudano-Sahelian Office, the United Nations Development Fund for Women, the United Nations Revolving Fund for Natural Resources Exploration, the United Nations Fund for Science and Technology for Development, the United Nations Volunteers Programme and the Energy Account.

In accordance with Governing Council decision 92/39 of 26 May 1992, income and expenditure for management services agreements have been incorporated as part of the net flow report.

INTRODUCTION

1. In its decision 84/9, the Governing Council, inter alia, requested the Administrator "to provide the Governing Council with information concerning the net flow of contributions to and payments from the United Nations Development Programme system in respect of each participating Government".

2. The Administrator is pleased to submit herewith the information requested. Table 1 provides a summary of contributions received during 1992 from each donor country to all sources of funds administered by UNDP. Table 2 provides a summary of contributions received from each recipient country during 1992 as well as expenditures reported in 1992 under each main category. Table 3 lists those countries which, after application of the accounting linkage as authorized by the Governing Council in decision 84/9, did not meet the established target level for Government local office costs. Amounts transferred are reflected in table 2 so that amounts indicated in table 3 represent the shortfall of contributions received in 1992.

3. In order to avoid any misinterpretation of the data contained in these tables, it is important to note that the information has been presented on the following basis:

(a) Income

- (i) In both table 1 and table 2, only cash contributions actually received during 1992 have been included;
- (ii) In table 2, the amounts shown do not include contributions in kind made by recipient Governments to projects or to local office costs;

(b) Expenditure

- (i) All expenditure figures in table 2 have been expressed net of staff assessment and exclusive of related support costs;
- (ii) Expenditures under global, regional and intercountry programmes are not included in table 2.

4. As part of this addendum, information is also provided on the resource availability and utilization for UNCDF, UNSO, UNIFEM, UNRFNRE, UNFSTD, UNV and the Energy Account (tables 4-10).

^{a/}This chart shows the annual level of project approvals and expenditures made possible from UNCDF general resources.

It does not show additional project approvals and expenditures made possible from cost-sharing and/or trust fund arrangements.

^{b/}Actual data include prior years pledges which were unpaid and subsequently received in the following year.

^{c/}This amount is in excess of available resources as a result of the application of the partial funding formula.

Please note that certain totals may appear incorrect, i.e., (+)(-)0.1, as a result of rounding.
