Draft decision by Tunisia

The Governing Council,

Having considered General Assembly resolution 37/166 concerning assistance to the Government of Yemen for rehabilitation and reconstruction of the areas affected by the recent earthquake,

Bearing in mind the Assembly's request to organizations and programmes of the United Nations system, in particular, inter alia, the United Nations Development Programme, to maintain and expand their programmes of assistance to Yemen,

Requests that the Administrator consider additional assistance to Yemen, from the Special Programme Resources beyond the normally authorized amount, subject to the details of the request being set forth in a project document and to availability of resources.
