(a) Additional funding for the Project Development Facility

By its decision 86/18 of 27 June 1986, the Governing Council extended the experimental period of the Project Development Facility to 30 June 1987 and, during that period, authorized the use of the balance remaining at 31 December 1986 from the \$1 million allocated to the Facility by Decision 85/4 of 29 June 1985. The Council further noted that, in the event that additional funding may be required prior to the expiration of the extended experimental period, the Administrator would submit a proposal to the February 1987 meeting of the Council.

The Council will receive a proposal seeking additional funding for the Facility.

(b) Implementation of Governing Council decision 86/11

By its decision 86/11 of 21 February 1986, the Governing Council decided to authorize the Administrator to implement the results of the classification exercise for the General Service and related categories in the United Nations Development Programme and the United Nations Fund for Population Activities, effective 1 January 1986, and to revert to the matter, if necessary in the future, upon the finalization of the exercise in the United Nations.

At its forty-first session, the General Assembly, by its resolution 41/209, decided to approve the proposals of the Secretary-General relating to the job classification of the General Service and related categories in New York and in Geneva. The implementation was made effective from 1 January 1985. In the light

of this resolution, the Administrator is submitting a note to the Governing Council seeking authorization to revise the date of implementation of the results of the job classification for the United Nations Development Programme and the United Nations Fund for Population Activities from 1 January 1986 to 1 January 1985.

The Council will have before it a note by the Administrator (DP/1987/62).
