Draft decision

Management Development Programme

The Governing Council,

Having considered the report of the Administrator (DP/1989/4 and Corr.1) containing proposals of preliminary guidelines for the implementation of the Management Development Programme,

Reaffirming Governing Council decision 88/31 of 1 July 1988, particularly the five principles contained in paragraph 10 thereof,

1. Requests the Administrator to continue the implementation of the Management Development Programme on the basis of decision 88/31;
2. Also requests the Administrator to present to the Governing Council, at its thirty-sixth session (June 1989), proposals to revise the preliminary guidelines for the implementation of the Management Development Programme on the basis of the view expressed and proposals put forward by delegations during the special session of the Council in February 1989, such as the need for a flexible approach, the use of the Technical Co-operation among Developing Countries modality, the search by the United Nations Development Programme for additional resources needed to supplement the funding of the Management Development Programme and to pay attention to requests by all developing countries in particular those most in need of the Programme;
3. Requests the Administrator to initiate, as early as possible, a progress report of the Management Development Programme and to report to the Council at its thirty-seventh session (June 1990) on the implementation of the Programme.
